

Talking Tech

The Chicago City Council Committees on Finance and Economic, Capital and Technology Development invite you to their Joint Committee Meeting and Public Hearing on:

**Wednesday, November 2nd at 10:00 A.M. in
City Hall, Council Chambers, 2nd Floor
121 North LaSalle Street**

Our Task Force composed of community and business representatives will be exploring the public response to the issue of affordable broadband internet access throughout the city for residents and businesses.

This meeting will be our last of four community hearings to address this issue and you are encouraged to attend and express your views on this topic as well as the role government should play in assuring ubiquitous broadband access aimed at bridging the digital divide, fostering economic growth and bolstering Chicago's standing as a tourist and convention destination.
